

We don't have so much attention
We don't have budget at all
We want to make a film around here
Roger please just.. give us a little call

Hey Roger ! give us just a call

All we need is just a a little bit of support
All we need is just a ...a blinking eye from your world.

We are trying to make a movie
We are doing it on our own.
No politicians with money around here
We just have a big idea and a heart!

Hey Roger give us just a call!

All we need is just a little bit of support
All we need is just an opening from your door.
